- Monitored service performance (SLAs/KPIs) and drove corrective actions to improve service reliability
- Collaborated with Development and Product teams to track issues and ensure smooth release impact on services
- Identified recurring issues and contributed to problem management and continuous improvement initiatives Improved operational processes, documentation, and service efficiency.

Team Leader, Application Support

Jan 2018 – Jan 2024

OTE Group

Athens , Greece

- Mentored new team members, enhanced onboarding processes, and facilitated knowledge transfer across core functionalities in Siebel (Fixed), UCM, UIM, SDR, OSM, and end-to-end (E2E) workflows.
- Provided advanced production support for CRM and telecom systems.
- Developed technical documentation and training material.
- Improved SLA compliance by up to 40%, enhancing incident STT/OCT resolution efficiency.

Senior Functional Application Support Engineer

Nov 2017 – Jan 2018

OTE Group

Athens , Greece

- Provided advanced support for CRM and telecom systems.
- Developed technical documentation and training material..
- Supported onboarding activities and knowledge sharing for new team members.

Software Engineering Analyst

Jun 2016 – Nov 2017

Accenture Greece

Athens , Greece

- Developed CRM solutions (Siebel) and implemented change requests.
- Participated in requirements analysis, system design, and technical implementation.
- Collaborated with clients and stakeholders to ensure successful delivery.
- Providing production support. Incident (STT) resolution – Identification of possible issues with impact on massive incidents

Education

Master in Business Administration (MBA)

University of Nicosia, Cyprus

Master degree program

Jan 2021

Grade : 3,1/4

Blockchain Developer

National and Kapodistrian University of Athens

Certification ECVET: 3,6

Sept 2021

Advanced Leadership and Negotiation Skills

National and Kapodistrian University of Athens

Athens

Certification ECVET: 9.17

May 2017

Electronic and Computer Engineering - MSc equivalent

Technical University of Crete,

Greece

Bachelor 5-year Diploma

July 2015

Grade : 6.69/10 (ECTS: B)

Thesis: Development of an automated system for direct soil fertilization measurements using micro-controller

Advisor: Prof. Kostantinos ,Grade: 10/10

School Certificate 4th Lyceum Alexandroupolis

High school diploma program

July 2006

Final grade: 17,9/20

Extracurricular activities

Diploma in Butchery and Meat Processing	<i>Jan 2026- in progress</i>
<i>Axxon plus</i>	<i>Athens, Greece</i>
Diploma of sailing skipper	<i>2016</i>
<i>HELLENIC OFFSHORE RACING CLUB</i>	<i>Athens, Greece</i>
Student Representative to Deans Council Senate	<i>2009-2011</i>
<i>Technical University of Crete</i>	<i>Chania, Greece</i>
Member of Sea Scouts Greece	<i>1998-present</i>
<i>Scouts of Greece</i>	<i>Greece</i>

Technical skills

Programming Languages	Python, Java, JavaScript, C, Solidity
CRM, OSS/BSS	Siebel, Salesforce, UCM, OSM, UIM, OSB
Databases	Oracle, MySQL, Vertica
Tools	Jenkins, Dynatrace, Grafana, Datadog, Kibana, Tableau, SoapUI, Jira, Confluence, Remedy, Power BI, Microsoft Office
Operating Systems	Windows, Linux
Other	UML, SysML, XML

Language proficiencies

Greek	Native
English	Professional working proficiency (B2)
German	Basic (A2)

Interests

Coding with microcontroller, Sailing, Padel, Table tennis, Cooking, Music, Football
